

Passive Components Networking Days

1st Passive Components Networking Symposium
Sep 12-15th 2017, Brno, Czech Republic

NOTIFICATION TO AUTHORS

Ver.1 Feb 11th, 2017

Paper abstracts are welcome by online submission using an online abstract text entry or file upload by **2nd April 2017**.

Each submitted paper will be reviewed by the Program Committee. Acceptance of full papers will be based on appropriateness of the topic, quality, novelty, and clarity of exposition. Notification of Acceptance as oral presentation or poster will be provided to authors by **31st April 2017**. After acceptance of contribution, authors will be invited to prepare a final proceedings paper addressing the comments of the reviewers.

Notice to Universities

The Symposium proceeding will be ISBN listed to validate the published papers. The presented papers will be also recommended to impacted magazines for publications in order to solicit active presence of universities.

Authors registration

Authors are invited to register on the conference web site before **20 July 2017**. Please note that the organizer will check that for every paper at least one author has registered for the symposium before the paper is included in the programme and proceedings.

Final paper submission

Please follow the author instructions on the website. Authors must deliver their full papers by **9 June 2017** as electronic 'PDF' via email to secretary@passive-components.eu. Authors of accepted papers for Oral and Poster sessions are invited to prepare a final proceedings paper.

Publications

Final accepted papers will be published in Conference Proceedings. These Proceedings will be available in USB flash drives and the hard print proceeding delivered to each participant. The papers will be included in the e-Symposium section of European Passive Components Institute for download after PCNS symposium.

Best Paper and Poster awards

A best paper and best poster awards will be open to all authors.
